FILING INSTRUCTIONS:

Retain this directive until further notice.

BACKGROUND:

The Department of Labor (DOL) granted California's request to implement Common Measures on December 11, 2007, modifying the State's responsibility for reporting performance outcomes to three measures each for the Adult, Dislocated Worker and Youth programs. This notice was communicated in Workforce Services Information Notice [WSIN07-33](#) (February 5, 2008). The WIA Common Measures are described in TEGL 17-05 (February 17, 2006) and TEGL 1705, Change 1 (August 13, 2007).

The WIA, Section 136(c)(2) states that the Local Workforce Investment Board (LWIB), its chief elected official, and the Governor shall negotiate and reach agreement on the local levels of performance. The California Workforce Investment Board has delegated the responsibility for negotiating the State and local performance goals under WIA Title IB to the Employment Development Department's Workforce Services Branch.

POLICY AND PROCEDURES:

This directive provides the final Statewide and LWIB final youth performance goals for PY 2007-08 as shown in the matrix below. **California will apply the statewide goals to all LWIBs for PY 2007-08. These goals are not negotiable.**

Also, the matrix includes California's final statewide youth performance goals for PY 2008-09 as negotiated with DOL. The State will determine LWIB performance goals for PY 2008-09 in a subsequent directive, based in part on DOL's statewide goals, each LWIB's prior performance, demographic information, client characteristics and regional economies.

The goals provide the basis for calculating LWIA incentive awards for exemplary performance and requiring corrective action plans for nonperformance. For information regarding the definition of nonperformance, please refer to WIA directive [WIAD06-10](#) (November 14, 2006).
